

### COMPANY OVERVIEW

Grey Sentry is an SBA Certified Woman-Owned (WOSB) and Minority-Owned (SWaM) small business founded in 2022. We help federal agencies modernize infrastructure, automate work, apply AI responsibly, and secure the systems they depend on, delivering directly and through established teaming partners.

### CORE COMPETENCIES

#### DT Digital Transformation

- Low-code/no-code apps (ServiceNow, Pega, Power Platform, Appian)
- Workflow and process automation
- Section 508 compliant digital services
- Data, dashboards, and reporting

#### AI AI/ML Solutions

- Predictive analytics and document intelligence
- Robotic process automation (RPA)
- Chatbots and virtual assistants
- AI governance per NIST AI RMF

#### HR HR Automation Services

- Onboarding and offboarding automation
- Personnel action processing
- HR service delivery and self-service
- Workforce analytics

#### IM Infrastructure Modernization

- Cloud migration (AWS GovCloud, Azure Government)
- Legacy application modernization
- DevSecOps and CI/CD pipelines
- Network and data center services

#### CY Cyber Solutions

- Risk assessment, RMF and ATO support
- High Value Asset (HVA) assessments
- Zero Trust strategy (OMB M-22-09)
- Managed detection and response, incident response, penetration testing

#### + Supporting Capabilities

- Program management
- Enterprise architecture
- Training and e-learning

### DIFFERENTIATORS

#### Mission first

We start from the outcome your program office owns, then choose the technology.

#### Set-aside ready

WOSB and SWaM status helps agencies and primes meet small business goals.

#### Secure by design

Built for RMF, FedRAMP, and Zero Trust requirements from day one.

#### Mapped to NIST CSF 2.0

Cyber work aligned to Govern, Identify, Protect, Detect, Respond, and Recover.
